PGI Laminated Glass Limited Liability Warranty

Precision Glass Industries warrants its laminated glass products for a period of five (5) years from the date of delivery acceptance. PGI warranty is limited to manufacturing defects resulting from edge separation/de-lamination that materially obstructs vision through the glass. This limited liability warranty is non-transferable and valid for customers who purchase products directly from Precision Glass Industries. All Precision Glass Industries products are intended for installation by trained personnel with the required skills and to handle, install or use glass related products in accordance with the instructions set forth by the National Glass Association (NGA) and Glass Association of North America (GANA) <http://www.glasswebsite.com/>

This Limited Liability Warranty is limited to the replacement of defective laminated glass to the extent of the original purchase price less any taxes/surcharges levied. Customer will not hold Precision Glass Industries, or any of its authorized representatives responsible for commercial loss, or any direct or indirect consequential damages, including but not limited to the associated costs of removal or installation including labor costs of the product, defective or otherwise. Precision Glass Industries reserves the right to have a qualified representative or a third party inspect the defective material and/or have the defective material returned to the factory for inspection for any warranty related decision/action to be initiated.

Precision Glass Industries makes no claim to the buyer or any third party on the design of the laminated glass and all responsibility for ensuring that the product is appropriate for its intended application is assumed by the buyer.

This warranty will be void under following conditions if:

- Physical damage to the glass surface, including but not limited to scratches, chips etc.
- Further application of any additional film applied either to the interior or exterior of the laminated units.
- Application of film and resultant heat buildup in the glass that causes uneven heating and stresses.
- Laminated glass is damaged due to contact with incompatible glazing sealants, cleaners or other solvents.
- Glazing system is installed in a manner that lacks a weep system to prevent water setting

Please direct all warranty related questions to claims@precisionglassindustries.com
