GLASS INDUSTRIES

DEDICATION UNMATCHED

EMPOWERING PEOPLE, TECHNOLOGY & SERVICE IN ALL THAT WE DO

Precision Glass Industries fabricates custom high-quality glass shower doors and enclosures, commercial insulated glass, laminated glass, glass railings, wall partitions, heavy glass entrance systems, as well as a wide selection of glass hardware.

PGI DIFFERENCE

As our name suggests, we are precise in everything we do. PGI is your comprehensive, custom glass fabrication partner who delivers exceptional experience from the first sales contact to the final glass delivery.

Our diverse team is the heart of our fabricated glass. Our passion, dedication, teamwork, organization, and consistency are evident in every finished fabricated glass delivered to our clients daily. These value differences, combined with our innovative technologies, are how we maintain the highest overall product quality, on-time delivery, shortened lead times, and excellent customer service.

TECHNOLOGY EXCELLENCE

Technology excellence strengthens our manufacturing capacity and capability. Our glass fabrication process utilizes the latest CNC, polishing, grinding, drilling and milling equipment allowing for precise cuts, notches, holes, miters, edges, polish, clarity, and smoothness for the perfect end product.

Our latest equipment accurately fabricates more complex jumbo sizes and heavy glass types for shower doors, panels, railings, sliding doors, hinges, holes, notches, custom cut-outs and shapes that efficiently support commercial and architectural specifications promptly.

Whether your project comprises of a single glass shower door or hundreds of insulated glass units, we have the technology to ensure the highest quality and fastest turnaround time to meet your demands and schedule.

OUR BRANDS

All glass is not created equal. Your specific glass requirements are possible with PGI because we can custom fabricate to your specifications without compromising quality. Our unique ability to partner with top manufacturers and vendors will ensure you receive the best quality and product at an exceptional value.

Our standard product brands consist of tempered, heat-treated, monolithic, insulated units, laminated units, and laminated insulated units in a variety of styles and thicknesses.

Since quality glass fabrication is our forte, we expanded our product brands to offer our clients high-quality AEON Glass Hardware and PIRAS (Precision Install-Ready Architectural Systems) for more selection and convenience. AEON Glass Hardware modernizes frameless shower door enclosures, and heavy glass entrance systems. PIRAS simplifies and eases the installation of the glass wall and entrance systems to create a stunning turn-key entrance.

We take great pride in delivering these quality brands at the best value, on time, every time. Our brands are what our clients have come to expect from PGI. We fabricate only the best to endure the test of time and beautify any modern look.
